Why Pintail Lodge?

So you think Pintail Lodge and its hunts sound too good to be true? Here are questions from our recent guests.

Why so many ducks in this area?

The Laguna Madre lies at the convergence of the three primary flyways and contains a great concentration of waterfowl with an amazing depth and variety of species. The abundant food source on the laguna combined with the easy access to fresh water sources provide an ideal winter roosting ground for the ducks. The eel and shoal grass that grows in the laguna in front of our lodges provide an abundant food source. Ducks also feed on the snails and shrimp that are so plentiful here. Nowhere in North America will you find a more phenomenal location for waterfowl hunting.

Why do hunters come to Pintail (and then come back every year)?

It's simple: excellent guides who make hunting so easy—expert calling, choice of blinds, knowledge of the laguna, and placement of decoys. All our hunters need to do is lift their guns and shoot. This alone makes Pintail one of the most unique duck hunting opportunities in the world. Equally important, we consistently have access to freshwater ponds where ducks come to drink twice a day. With rotation between the saltwater hunts on the laguna and freshwater hunts on the ponds and lakes, a Pintail hunt is never boring.

How do you provide such great food?

No one ever walks away from the Pintail table hungry. Another key to our success is the excellent gourmet food that we are able to provide. All pastries and pies are made on site. Fresh produce is brought over from the states. Perennial favorites include goose medallions and duck kabobs. With our excellent recipes and gourmet cooks, we make a lot of people who normally don't like wild game into wild game lovers. The opportunity we give the client to sample wild game will change their mind into bringing game home.

How are the guns at Pintail?

Pintail's gun-cleaning program ensures quality-working equipment. We have a new cleaning sprayer and guns are cleaned twice a day. Two full time gun cleaners are employed to ensure few chances of gun failure or jam.

Transportation/Boats

At Pintail, we always work to cut time and distance between the lodge and the hunt. Our new location is the culmination of our efforts. Guests are now just moments away from the best hunting region on the Laguna.

What can I do besides duck hunting?

In addition to the fine hunts along the Laguna, Pintail offers dove, quail and goose hunts. To provide exceptional quail and dove opportunities, we have a wildlife management program that this year includes an increase in our sorghum and sunflower fields.
