

Program Synopsis for Otolaryngology

Practical Reviews Otolaryngology—Head & Neck Surgery

Sponsored by: Johns Hopkins Medicine CME

Use the skills of some of the most outstanding scholars and practitioners in the field of Otolaryngology-Head & Neck Surgery today to cut through the mass of new information in the journals and to boil it all down to only that which is relevant to your everyday practice.

The flexible audio format enables you to efficiently use your time to learn while commuting, exercising, or during those few minutes of downtime that may occur during the day.

HERE'S WHAT YOU GET:

- ENT topics summarized and reviewed in convenient audio format.
- Printed QuickFlash Review cards with take-home pearls that reinforce the audio material and give you a valuable desktop reference for instant recall by subject.
- Earn Category 1 credits from The Johns Hopkins University School of Medicine.
- Self-assessment quizzes to highlight key points and strengthen what you've learned.
- Color-tabbed dividers, a special subject index and a convenient binder to make retrieval of your materials quick and easy.
- Free access to CME Central featuring online CME solutions, including: a personal credit tracking system, instant access to certificates, online access to the otolaryngology—head and neck surgery database, and much more!

Accreditation Statement:

Statement of Need: This activity has been developed in response to the Otolaryngology Specialists¹ need to keep abreast of advances and new developments in Otolaryngology. Skills and competency, diagnostic procedures in Otolaryngology, the advantages and disadvantages of pharmaceutical and surgical procedures, and plastic and reconstructive surgical techniques are presented.

Intended Audience: Otolaryngologists, head and neck surgeons and others interested in otolaryngology and head and neck surgery.

Learning Objectives: At the conclusion of this activity, participants should be able to:

- Discuss the structural anatomy of the head and neck.
- List the diagnostic and assessment procedures.
- Present the advantages and disadvantages of specific pharmaceutical and surgical procedures.
- Summarize habilitation and rehabilitation procedures.
- Evaluate otolaryngology surgical procedures.
- Identify diseases, disorders, and conditions specific to otolaryngology.

Accreditation Statement: The Johns Hopkins University School of Medicine is accredited by the Accreditation Council for Continuing Medical Education to provide continuing medical education for physicians.

Sponsorship Statement: Presented by the Johns Hopkins University School of Medicine and Oakstone Medical Publishing.

The Johns Hopkins University School of Medicine takes responsibility for the content, quality, and scientific integrity of this CME activity.

Full Disclosure Policy Affecting CME Activities: As a provider accredited by the Accreditation Council for Continuing Medical Education (ACCME), it is the policy of Johns Hopkins University School of Medicine to require the disclosure of the existence of any significant financial interest or any other relationship a faculty member or a provider has with the manufacturer(s) of any commercial products(s) discussed in an educational presentation. Johns Hopkins University School of Medicine OCME has established policies in place that will identify and resolve all conflicts of interest prior to this educational activity. **Notice of Unlabeled/Unapproved Uses:** It is the policy of the Johns Hopkins University School of Medicine that all faculty disclose the discussion of off-label uses or products in their reviews. However, in some cases faculty reviewers may be unaware that the uses or products they reference are off-label. Physicians are advised to consult the product labeling before prescribing usage. No faculty member has indicated that their presentation will include information on off-label products. Johns Hopkins University School of Medicine is committed to the free exchange of medical education. Inclusion of any presentation in the program, including presentations on off-label uses, does not imply an endorsement by Johns Hopkins of the uses, products, or techniques presented.
