CANADA FISHING TRIP

Ontario, Canada

The moment you reach the dock, you realize this is a special place. The monster pikes, jumbo smallies, humungous muskies and the kind of walleyes you've only dreamed of catching. Here, your chance of reeling in a trophy fish is more than good. It's expected. There's a reason the fish are so big here. We practice catch and release. Sure, we keep enough right-sized walleyes for shore lunch, but we release the big ones to invest in the lake and in your experience. This conservation has allowed us to produce well over 1000 Master Angler fish every year. This allows our fish population to thrive and results in bigger fish year after year. So, although the catch is measured and then let go, the smile on your face should last a lifetime!

Don't bring a rod. Or, a reel. Or, all the tackle you've gathered over the years. You won't need it. Heck, you won't even need to bait your own line. That's because it's all taken care of, thanks to our knowledgeable angler guides. These awesome guides will outfit guests with all the latest fishing accoutrements and tend to your every cast. Your only requirement is to sit back and take it all in.

WHAT TO BRING

Bring comfortable, casual clothing appropriate for temperatures ranging from 45-75 degrees. Layered clothing is recommended so you can adjust to changing conditions. Consider bringing a small backpack or dry bag that you can take on the boat to store personal items and extra layers. Dress for dinner is casual.

Laundry service is free of charge at the lodge, so there's no need to overpack.
