WHITETAIL DEER HUNTING

Texas has more white-tailed deer than any other state. Population estimates in recent year range from three to four million. The whitetail is one of the most researched, observed, sought after, cussed and discussed of all wildlife species in Texas.

A hunt with Texas Specialties is the place for trophy whitetail deer. Superior customer service is what sets us apart. Along with comfortable lodging, meals and a first-class staff, we will provide you with a hunting experience that is second to none.

You will see numerous bucks each outing with normally 5-10 bucks per sitting and will have a choice when selecting your trophy. Our deer hunting could not be better with our selective breeding, protein feeding and culling selective bucks that have resulted in whitetails beyond belief.

Because of their amazing experiences, our hunters come back year after year to hunt whitetail deer with us.

REVIEWS

Great experience and a great time. The crew and everyone else were very good to be around and were very welcoming. The hunt was really fun and the lodge experience was perfect. Chef's food was top notch, the guide was great and they all showed us the ins and outs of the hunt and got us prepared. I would recommend anyone do this - the experience was awesome. Thanks again!

The team is the best of the best. Great accommodations, excellent food and phenomenal hunting. Their focus on service and expertise in hunting make for an exceptional white tail hunting experience. We look forward to planning another hunt soon!

Unbelievable, this is first rate hunting with the best equipment and staff. You will absolutely not be disappointed. I would be glad to recommend this to anyone considering the perfect whitetail hunt. The crew is amazing and could not do more to take care of us and make us feel at home. We are going back to do it again. We went for four hours one day but honestly, we should have taken two days at 4 hours each. It is that much fun.

Great experience, period. I was looking for a short and well-priced hog hunt without lots of bells and whistles and this was it! (Although they can really roll out the red carpet if you want.) Our guide delivered the perfect level of introduction to what we were going to be doing by making the instruction simple and clear. It was very much a "you guys have been around these types of weapons and know what you're doing so be careful and have fun." Our guide did an exceptional job navigating the terrain and put us in great positioning for good shots.
